Experience The Power Within

For anyone who has ever wished for a mentor or a source of inspiration and encouragement, this unique treasury of women's wisdom features a wide range of role models, remarkable women and trailblazers who redefine our notions of power and leadership.

Powerful inspiration to bring spirituality and balance into your daily life, to break through what may be holding you back, and to commit to putting your visions into action to realize your life's dream!

We challenge and invite women everywhere to search for their own truth, to find their own voice, and to claim their own personal source of authentic power.

Producer/Director, **Lili Fournier**, who also hosts the stunning series, has gained major attention for her award winning Quest series, the *Quest Life Trilogy* and *Quest for Love* both of which feature an unprecedented gathering of America's most influential thinkers and best selling authors, including Stephen Covey, Deepak Chopra, Thomas Moore, Marianne Williamson, Caroline Myss, Bernie Siegel, John Gray, Barbara De Angelis, et al.
